These rules apply across leases and govern general behavior.

## **General Rules**

1. The Sportsman's Hunt Club has acquired hunting and fishing rights for the leases identified on our website at [www.okcsportsmans.com](http://www.okcsportsmans.com). Access and privileges for these properties are limited to the signed lease agreement for that property and these rules. In case of doubt of any right or privilege, please contact the Lease Representative or a Member of the Board Directors. Do not trespass or hunt on any land not included in our leases, even if not fenced or posted. In case of doubt as to the limits of our lease, do not hunt the area until checking with the Lease Representative. See lease maps for additional information. It is your responsibility to know and stay within the lease boundaries at all times.
2. **ALL STATE AND FEDERAL GAME LAWS MUST BE OBEYED.** Any Member found guilty of violating game laws on Sportsman's Club leases shall be subject to review by the Ethics Committee.
3. A Member and guest, including non-hunting individuals, must sign-in each day before entering the lease and sign-out when leaving. The sign-in book is at or near the lease entrance or landowner house.
4. Club Members are responsible and liable for any injury, accidents or damage in which they or their guests are involved while on leases. Members are encouraged to check their personal liability coverage.
5. **Due to liability reasons, hunt club members who have not signed their annual hunting waiver, answered the annual questionnaire, or filled out their membership updates will not be able to make reservations or participate in the annual deer draw. By signing the waiver and questionnaire, each member is personally responsible for and agreeing with all club rules and policies presented in this document.**

6. **Hunting or the use of any weapon on leases or club land while impaired by mind altering drugs or alcohol is prohibited!!**
7. Members and guests are representatives of the Sportsman's Club and will conduct themselves in an ethical, respectful, courteous and sportsmanlike manner while on leases. The Club ultimately benefits from good relationships and remaining in good standing with the lease owners and the public. Lease users shall be courteous to the land owners, their families, employees, and the public. Lease users shall comply with any reasonable request which may occur on the lease.
8. Use of off Road Vehicles (ORV) for recreational purposes is not permitted on any lease. ORVs may be used for large game retrieval and deer stand/feeder placement only if specifically approved under a lease's special rules. Otherwise, ORVs are to remain on designated roads. During Deer Seasons, ORVs may not be operated during peak hunting times. Peak hunting times are from one hour before sunrise till two hours after sunrise and from two hours before sunset till 30 minutes after sunset. Individual leases may be more restrictive. See individual lease rules.
9. Leases may be temporarily closed or hunting days limited if deemed warranted by the Board of Directors.
10. Club leases are for **hunting and fishing only**. Any other activity must have written permission from the Lease Representative.
11. Club rules are determined by the Sportsman's Hunt Club. The land owner is not allowed by contract to grant exceptions to Members who might request special privileges, DO NOT ASK.
12. No Member or guest may use Hunt Club facilities for any type of personal economic, commercial or other type of gain.

13. Do not throw or bury trash on leases. DISPOSE OF TRASH OFF THE LEASE. Field dressing of large game such as deer may be done on Club leases provided remains are disposed of properly.
14. Gates on leases shall be left in the position found when entering or leaving leases, unless the Lessor indicates otherwise. If uncertain, close and lock gates.
15. Members and guests shall exercise every caution to prevent fires. DO NOT BUILD ANY FIRES unless permitted by landowner.
16. All members shall comply with any special rules required by the Lessor as outlined in the lease agreement entered into by the owner and the Sportsman's Club. Special rules are indicated on each LEASE DESCRIPTION.
17. Entry into leased premises shall be made through existing gates only. No hunting is allowed from vehicles, either on interior lease roads or public roads adjacent to the leased premises. NO OFF ROAD DRIVING. Vehicles, RVs, trailers, etc may not be stored on club owned/leased properties.
18. Scouting is permitted from February 16 to before Youth Turkey season and post-Turkey season to September 30. Reservations are required for scouting.
19. Use of a drone over or on a lease requires a scouting reservation for the lease area being flown over. The drone is to stay in the reserved area. Drone use is not allowed if other hunters are present on the lease area without their consent. Drones are not allowed during deer and turkey seasons. Drone flyers are subject to state and federal rules, laws and regulations.
20. Each Member is expected to perform a Work Day each workday calendar year July 1 through June 30 of the next year or be assessed \$100.00 in July of the following year.
21. A member may do an extra work day and be allowed to take a guest for one day of hunting or fishing.

22. As long as approved by the Lease Rep or Board Member(s), a member may perform a proxy workday for another member to receive workday credit and not be assessed the \$100 fee.

**23. Members are required to notify Sportsman's Hunt Club office, in writing, to request termination of membership. This can be by email to: [Administration@sportsmanscc.com](mailto:Administration@sportsmanscc.com) or regular mail.**

24. Members are expected to stay current in payment of dues and fees. Reservation capability will be disabled if invoice total is not received by the 1st of the month following billing (~40 days post billing, assuming billing on the 20th). This includes late fees.

25. Neither Sportsman's Hunt Club or Lease Owners are responsible for lost or stolen items, either on property or within personal vehicles.

- b. Ask for nomination resumes.
- c. Form a nomination committee; required when more than one nominee is considered. Committee may contain general members/board members.

- e. Present nomination recommendations to Board.
- f. At annual meeting, present recommended nominees and ask for any walk on nominations.
- g. Vote is held per by-laws

## **Stands, Blinds, & Cameras Policy**

1. There are other references to Stands & Blinds within this document (e.g. Non-Hunting Guest subsection). Please make yourself aware of those policies.
2. Stands, blinds and feeders are required to have the owner's name, membership number and phone number on them. While not a rule, it's highly encouraged trail cameras are identified the same way.
3. Locks to stands or blinds should only be with a combination lock with the lease combination.
4. Elevated stands/blinds are permitted on leases from August 1 to February 28th. They are required to be removed from the lease by February 28.
5. Members are allowed to use private stands and blinds on Club leases at their own risk and the user is responsible for any accidents or injuries that might occur. Members using tree stands are strongly encouraged to use a safety harness because of safety and liability issues. The Sportsman's Club does not endorse the use of tree stands. Placement of a stand or blind does NOT reserve a hunting area and members may hunt the area. **Use of private stands or blinds (i.e. non-club owned Jet blinds/stands) is limited to the owner of the blind or stand. If a member coordinates use of another members stand/blind, it is recommended this is done in writing (email or text) to avoid confusion. THE SPORTSMAN'S CLUB IS NOT LIABLE FOR ACCIDENTS OR INJURIES.**
6. Feeders are not permitted on leases from March 16 thru Turkey season.
7. In general, there are no Club owned feeders. Members may use private feeders subject to required rules regarding hunting over bait. Placement of a private feeder does NOT guarantee a reservation for the area of the feeder and the area is available to any Member on a first come first serve basis. Sportsmans like behavior would be to coordinate with the owner of the property prior to using it.

## **Disability Policy**

1. Any member with restricted physical mobility may use ORVs on leases with the possession of a non-ambulatory or motor vehicle permit.
2. Only a non-ambulatory hunter with a motor vehicle permit may hunt from a vehicle, this is an Oklahoma Regulation.

3. A vehicle or ORV may be used to deliver the member to a blind/hunting position within 25 yards of a lease road.
4. The use of a vehicle or ORV will follow the Club rules for hours of operation.
5. A non-hunting partner may assist the member without visit limits for the assisting individual. The non-hunting partner will sign-in as a non-hunter and use the number for the disabled Member.
6. A non-hunting partner staying in a lease lodge will be charged a lodge fee.
